FOCUS

DRIVER TRAINING LTD

ESTABLISHED 2003

Are you legal to tow your horsebox, private caravan or company box trailer? If you passed your driving test on or after 1st January 1997, you will need to pass an additional driving test to be allowed to tow a trailer exceeding certain weight and size restrictions e.g.750kgs.

This test is called the B+E driving test.

If you are unsure simply look at the back of your driving licence to check for the B+E category, without this category the driver is unlicensed and therefore uninsured.

Focus Driver Training Ltd is a specialised driver training company offering training in the towing of trailers for the B+E test or simply to refresh and update your towing skills.

Our trailer towing training can include all aspects of trailer towing, including relevant towing law, hitching and unhitching, safe loading and weight distribution, stability factors when towing, reversing and safe handling of trailers.

- Flexible Training Times
- Competitive Prices
- Use of Our Trailer / Vehicle or Your Own
- Fully Qualified Trainers
- Intensive Courses
